The Houston and Trans Central proposes constructing a northeast extension from Ennis, Texas, on its main line, rise k aufman and Terrell, to get an outlet for the Morgan lines, independent of the Gould system, to reach Chicago, St. Louis and the East. The State railway commissioners, in their annual report just submitted to the Missouri legislature, take high grounds against the management or control of railways by the N ational government, at the same time institutions of New York the Dully Indio makes the following report: "The moment of money from the interior and very general liquidation of accounts that been made since the beginning of the year is estimated at 1,700,000 gross tone. Next to the enermous consumption, the rapid development in production is one of the most striking features of the year. The ontput can be largely increased, if necessary, during 1882, several of the beading mills having made extensive additions, besides two or three entirely new concerns which have been, or will be shortly, put in operation. Heavy rains for the past several days in Texas have caused several bridges on the Missouri Pacific, Texas and St. Louis and other roads throughout the State, to be wished away interfering ariousty with the roading of trains. It is reported that from Mincela eastward on the Texas Pacific for over a hundred miles on both sides of the track, through a fine timber country, there is increasing demand for money, the present time call loans are quoted 50654. At prover a hundred miles on both sides of the track, through a fine timber country, there is increasing demand for money, the present time call loans are quoted 5066. over a hundred miles on both sides of the commercial loans at 4466. Considerin track, through a fine timber country, there is a large body of water. No serious results are reported from that section. According to the annual report of the State commissioners of railroads of Massichusetts, the total number of miles of track in that State is 3148, an increase of 103 miles over last year. The appropriate capital stock is \$122,155,614, an increase of \$140,002, an increase of \$5,678,370, gross income, \$37,764,385, an increase of \$2,624,021, net in come, \$19,701,751, a decrease of \$490,000; freight earnings, 5 per cent. more than last year; passenger caralings, 8 per cent. increase. The number of persons killed is placed at 184, an increase of \$69. The commissioners are in favor of an annual examination of railroad employes for color blindness. **Compremise Erjected.** St. Louis, January 18.—At a vote taken yes e-day in Cooper county on the proposition to compromise and refund the Cooper county Tebo and Neasho railway bonds at 90 per cent. of the principal and accruel interest, and to reduce the rate of interest, the returns indicate the rejection of the proposition for found the Boonville township Tebo and Neasho bonds at \$5 per cent. was carried. The new Anchor-Line steamer City of Baton Rongs, from St. Louis, passed down yester-day with 1800 tons of freight and a big trip of pas-sengers. She added here 1800 sacks of oil meal, a good lot of sundries, and 40 cabin passengers. The Pine Bluff Press, of recent date, says that Mat. Downs is building a steam ferryboat at Brump's Bayou, just above Pine Bluff. The hull is already built, and the boat, it is said, will be ready for operation some time next month. Captain Downs is a river man of no small lame, and it is hoped will make a success of his new enterprise. ES, HIDES AND LEATHER. Among the prominent personages who were passengers down on the City of Baton Rouge when she peased south yesterday wers Mr. Ross Raymond, of the New York Heruld, accompanied by his 1 dy; Mr. J. Sandford, of the New York Sian Captain James Leighton and lady, of Yellowstone river; Dan B. Caste and lady, of Buffalo, New York; J. G. Chambers and Isay, St. Louis; D. H. Plitzhugh and lady, of New York city, and Mr. Cook and Mrs. Von Phul, of St. Louis. The latter lady is said to be eighty-four years of age, and her name is among the most, prominent of the old actilers of St. Louis and New Orleans, a steamer having borne the name of a member of the family tries are in good demand at full trashy not wanted. Nothing to Wave Schedules and Danger Lines Now that there is a probability that the danger line will be reached at many points on the Mississippi, the following table, prepared by the Signal Service officers, will prove interesting. The first column of figures shows the length of time required by the freshet wave in its movement from the points named to New Orleans, and the second column shows the "danger line," or the stags of water at which lowlands are overflowed at the several places: n for planting is near at hand, lac cosse lowing list of prices cover the ticles for which there is present La Clare WHISKY, ETC. which up to January 1st was has fallen off since to a quiet RIVERS AND WEATHER.
